All of the following land lying north of the northern right-of-way boundary of the highway known as the Redrock Randsburg Road:

Sec. 4, lot 2 of NE $\frac{1}{4}$ , and E $\frac{1}{2}$  lot 2 of NW $\frac{1}{4}$ .  
 Sec. 6, lot 1 of NE $\frac{1}{4}$ , lot 1 of NW $\frac{1}{4}$ , lot 2 of NE $\frac{1}{4}$ , lot 2 of NW $\frac{1}{4}$ , lot 1 of SW $\frac{1}{4}$ , lot 2 of SW $\frac{1}{4}$ , and SE $\frac{1}{4}$ .

The area within the withdrawal contains approximately 16,560 acres.

Congress has mandated all the public lands described above be conveyed to the State of California, subject to valid existing rights, for inclusion in Red Rock Canyon State Park (California Desert Protection Act, 108 Stat. 4471, sec. 701.) The purpose of the proposed withdrawal is to protect the park values of this designated area until the lands can be conveyed to the State of California pursuant to the aforementioned act.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the California State Director of the Bureau of Land Management.

A public meeting is required to be held regarding the proposed withdrawal. Upon determination by the authorized officer of the location and date of the meeting, a notice of time and place will be published in the **Federal Register** and in a local newspaper at least 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR 2300. Records relating to the application are available for examination in the BLM Public Room, 2800 Cottage Way, Sacramento, CA 95825.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the lands will be segregated as specified above unless the application is denied or canceled or the withdrawal is approved prior to that date.

The temporary uses which will be permitted during this segregative period

are land uses consistent with the California Desert Conservation Area Plan and permitted by the Memorandum of Understanding between the Bureau of Land Management and the California Department of Parks and Recreation. Existing rights are not affected by this action.

**David M. McIlroy**

### Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

The proposal for the collection of information listed below has been submitted to the Office of Management and Budget (OMB) for reinstatement approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed information collection requirement and related forms and explanatory material may be obtained by contacting the Service's clearance officer at the phone number listed below. Comments and suggestions on the requirement should be made directly to the Service Clearance Officer and the Office of Management and Budget, Paperwork Reduction Project (1018-0009) Washington, D.C. 20503, telephone 202-395-7340.

*Title:* Woodcock Wing Collection Envelope

*OMB Approval Number:* 1018-0009

*Abstract:* The Migratory Bird Treaty Act authorizes and directs the Secretary of the Interior to determine to what extent migratory game birds may be hunted. For several species of game birds, including the woodcock, this determination is based primarily on biological information gathered through surveys. Survey cooperators provide data on their harvests and hunting activities, and from each bird taken, they submit one wing for certain biological determinations.

*Service Form Number:* 3-156A.

*Frequency:* On occasion.

*Description of Respondents:* Individuals and households.

*Completion Time:* The overall reporting burden is estimated to average 4 minutes per response with a response rate average of 5 responses per respondent.

*Annual Responses:* 2,000.

*Annual Burden Hours:* 670.

*Service Clearance Officer:* Phyllis H. Cook, 703-358-1943 Mail Stop-224

Arlington Square, U.S. Fish and Wildlife Service, Washington, D.C. 20240.

Dated: April 14, 1995.

## Endangered and Threatened Species Permit Application

**AGENCY:** Fish and Wildlife, Interior.

**ACTION:** Notice of document availability; request for comments.

Availability of an Environmental Assessment and Receipt of an Application for a Permit to Allow Incidental Take of Threatened and Endangered Species by Murray Pacific Corporation on its Mineral Tree Farm in Lewis County, Washington.

**SUMMARY:** This notice advises the public that Murray Pacific Corporation (Applicant) has applied to the U.S. Fish and Wildlife Service (FWS) for an incidental take permit pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The Applicant has requested the permit as an amendment to their existing permit (PRT-777837) authorizing incidental take of the northern spotted owl, which was issued on September 24, 1993, and have amended their existing Habitat Conservation Plan (HCP). The application has been assigned permit number PRT-777837. The Applicant has also requested to enter into a consensual agreement with the U.S. National Marine Fisheries Service (NMFS) to address the needs of anadromous salmonids being considered for listing under the Act, and with the FWS to conserve other fish and wildlife species which may be associated with habitats on their Mineral Tree Farm in Lewis County, Washington (Tree Farm). The requested permit would authorize the incidental take of all species presently listed under the Act, that may occur on the Applicant's Tree Farm. The proposed incidental take would occur as a result of timber harvest activities in the various habitat types that occur now, and will occur on the Tree Farm during the term of the proposed permit. The HCP Amendment includes an agreement for the issuance of additional permits for the incidental take of species not presently listed under the Act, but which may become listed during the term of the proposed permit, and which may occur in habitats on the Tree Farm.

The FWS in conjunction with NMFS announce the availability of an Environmental Assessment (EA) for the proposed issuance of the incidental take permit and signing of the agreement. The FWS is taking administrative responsibility for announcing the availability of the aforementioned documents. This notice is provided pursuant to section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

**DATES:** Written comments on the permit application and EA should be received on or before June 19, 1995.

**ADDRESSES:** Comments regarding the application or EA should be addressed to Mr. Curt Smitch, Assistant Regional Director, U.S. Fish and Wildlife Service, 3773 Martin Way East, Building C—Suite 101, Olympia, Washington 98501. Please refer to permit No. PRT-777837 when submitting comments. Individuals wishing copies of the application or EA for review should immediately contact the above office (360-534-9330).

**FOR FURTHER INFORMATION CONTACT:** Craig Hansen, U.S. Fish and Wildlife Service, 3773 Martin Way East, Building C—Suite 101, Olympia, WA., 98501; (360) 412-5465. Steve Landino, National Marine Fisheries Service, 3773 Martin Way East, Building C—Suite 101, Olympia, WA., 98501; (360) 412-5469.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

Under section 9 of the Act and its implementing regulations, "taking" of a threatened or endangered species, is prohibited. However, the FWS and NMFS, under limited circumstances, may issue permits to take threatened and endangered wildlife species if such taking is incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for threatened species are in 50 CFR 17.32 and in 50 CFR 17.22 for endangered species.

The Applicant proposes to implement an amendment to their HCP for the northern spotted owl that will allow timber harvest on portions of approximately 55,000 acres of their Tree Farm. The Applicant's proposed timber harvest may result in the take, as defined in the Act and its implementing regulations, of listed species. The HCP and permit would be in effect through the year 2094. The application includes an amended HCP and Implementation Agreement.

The Applicant proposes to mitigate for the incidental take of all listed species by maintaining at least 10 percent of the Tree Farm in non-harvestable reserves for the term of the

permit. Reserves would be established during a Watershed Analysis process which the Applicant would complete by 2004. The expected result of Watershed Analysis would place a majority of the reserves in riparian zones. In addition, the Applicant would be committed to a variety of special measures intended to mitigate and minimize impacts to the habitat types which occur on the Tree Farm, and specific State and Federal species of concern including the grizzly bear, gray wolf, bald and golden eagles, goshawk, Larch Mountain salamander, Townsend's big-eared bat, long-legged myotis (bat), and others. The Applicant also proposes to mitigate for impacts to anadromous salmonids through habitat conservation measures for these species.

The EA considers the environmental consequences of 5 alternatives, including the proposed action and no-action alternatives. The proposed action alternative is the issuance of a permit under section 10(a) of the Act that would authorize incidental take of all listed species, and signing of the agreement for currently unlisted species, that may occur in the habitats on the Applicant's Tree Farm. The proposed action would require the Applicant to implement their amended Habitat Conservation Plan. Under the no-action alternative, the Applicant would continue to implement their existing northern spotted owl HCP, and additional incidental take permits would not be issued. The third alternative is to maintain approximately 29 percent of the Tree Farm in reserves generated according to Watershed Analysis prescriptions. The fourth alternative is to maintain reserves on about 17 percent of the Tree Farm, and would allow the Applicant to harvest timber on a limited basis in the outer half of riparian reserves. The fifth alternative would place about 5 percent of the Tree Farm in riparian reserves with additional protection on steep slopes with wet talus habitat, the Applicant would commit to and complete further Watershed Analysis by the year 2004, and the Applicant would retain all live conifer and conifer snags greater than 40 inches in diameter at breast height.

Dated: May 12, 1995.

##### **National Capital Memorial Commission; Public Meeting**

Notice is hereby given in accordance with the Federal Advisory Committee Act that a meeting of the National Capital Memorial Commission will be held on Tuesday, June 20, 1995, at 1 p.m., at the National Building Museum, Room 312, 5th and F Streets, NW.

The Commission was established by Public Law 99-652, the Commemorative Works Act, for the purpose of preparing and recommending to the Secretary of the Interior, Administrator, General Services Administration, and Members of Congress broad criteria, guidelines, and policies for memorializing persons and events on Federal lands in the National Capital Region (as defined in the National Capital Planning Act of 1952, as amended), through the media of monuments, memorials and statues. It is to examine each memorial proposal for adequacy and appropriateness, make recommendations to the Secretary and Administrator, and to serve as information focal point for those persons seeking to erect memorials on Federal land in the National Capital Region.

The members of the Commission are as follows:

Director, National Park Service  
Chairman, National Capital Planning Commission  
The Architect of the Capitol  
Chairman, American Battle Monuments Commission  
Chairman, Commission of Fine Arts  
Mayor of the District of Columbia  
Administrator, General Services Administration  
Secretary of Defense

The purpose of the meeting will be to consider sites for the World War II Memorial. The meeting will be open to the public. Any person may file with the Commission a written statement concerning the matters to be discussed. Persons who wish to file a written statement or testify at the meeting or who want further information concerning the meeting may contact the Commission at 202-619-7097. Minutes of the meeting will be available for public inspection 4 weeks after the meeting at the Office of Land Use Coordination, National Capital Region, 1100 Ohio Drive, SW., Room 201, Washington, D.C., 20242.

Dated: May 11, 1995.

**Robert Stanton,**

*Regional Director, National Capital Region.*
